

Would you like your applications processed quickly?

We want to process your application within five working days, but to do this we need your help.

Here are 4 quick tips to help speed up your application with us:

1. All requested details must be complete on the application form.

2. Send all supporting info needed.

The checklist on the application is a guide to help you provide the required supporting paperwork. Make sure all supporting documentation is sent at the time of application or when requested.

The 5 day turnaround time only starts when we have a complete form and all of the information.

3. Let us know if you change your phone number, email or address changes.

Not being able to contact members about their applications slows down the application processing time.

4. The invoice needs to be addressed to "Banjima Native Title Aboriginal Corporation".

We will speak to the store or provider about this for you if needed.

We are committed to being respectful and courteous at all times.

We ask that you do the same.
