

Application Tips

These four steps will help us process your application quickly.

1

All requested details must be complete on the application form

2

Send all supporting information

Make sure all supporting documentation is sent at the time of application or when requested. This includes quotes or tax invoices.

3

Let us know if you change your phone number, email or address.

Incorrect contact details can slow down processing times.

4

Any invoice must be addressed to "Banjima Native Title Aboriginal Corporation" and not the name of the Member.
